- **Choose your yarn carefully:** The type of yarn you use will significantly impact the look and feel of your afghan. Consider the weight, texture, and color of the yarn to achieve your desired result.
- **Pay attention to tension:** Consistent tension is crucial for creating an even and professional-looking afghan. Practice on a swatch before starting the actual project to ensure your stitches are the right size.
- **Block your afghan:** Once you have completed your afghan, blocking it will help to even out the stitches and give it a more polished appearance. Gently stretch the afghan and pin it to a blocking board or mat.
