Plot Summary

The issue begins with Loki traversing various realms, searching for any trace of the Black Axe. Along his journey, he encounters a group of dwarves who reveal that the axe was last seen in the possession of a powerful sorcerer named Vanaheim.

Determined to retrieve the axe before it falls into the wrong hands, Loki infiltrates Vanaheim's stronghold, where he discovers the axe being used as a source of power for Vanaheim's dark rituals. A fierce battle ensues between Loki and Vanaheim, with Loki's cunning and trickery eventually prevailing.

However, as Loki prepares to seize the Black Axe, he is confronted by the arrival of Thor, who demands that Loki surrender the weapon. A heated debate follows, with Loki arguing that the axe is too dangerous to be left in Asgard's hands, while Thor believes it must be returned for safekeeping.
